Discretionary Let Provision

Maryburgh Amenities Association operates a discretionary let scheme. Application in writing for a discretionary let should be made to the secretary. The application should include details of income and expenditure of the group, the number of participants (average or estimated), the amount each member pays to participate and the reason for asking for a reduction in the normal charge. Discretionary lets will not be automatic and all clubs/groups will be encouraged to embark on fund-raising activities to assist them in meeting the full cost of lets.

Maryburgh Amenities Association is a voluntary charitable organisation and the Amenities Centre is heavily subsidised by the Association
